VALUE OF THE CIA CERTIFICATION

The Certified Internal Auditor (CIA) is the only globally accepted designation for internal auditors and is the standard by which internal auditing professionals demonstrate their knowledge and competence. Earning this designation provides a professional advantage for internal auditors throughout all stages of their careers.

The CIA designation will:

- Improve your credentials with internal staff and external clients
- Fine-tune your knowledge of best practices in the industry
- Distinguish you from your peers
- Boost your career opportunities

Those who can benefit include:

- Chief audit executives
- Audit directors, managers, and staff
- Risk managers
- Finance and accounting students

ABOUT OUR REVIEW PROGRAM

UCLA Extension's exam review utilizes the IIA CIA Learning System. The course materials were developed by CIA-certified subject matter experts and cover the entire CIA syllabus to help you pass the 3 parts of the CIA exam. By enrolling in the course and paying the fees, you will receive the reading materials (print and e-book format) and also the interactive, online study tools*.

Enroll 2-3 weeks early to receive your course materials in time to pre-study.

**Reduced fee available for students who have purchased course materials separately.*
