Business, Management, and Legal Programs

3 seminars to get you started this winter!

Take Charge of Your Financial Future!

Learn how to take control of your financial future with these convenient financial literacy seminars!

Moving from Debt to Wealth on Any Income
If it seems like all the money you earn comes in one hand and just goes out the other, you’re not alone. Over 90% of our population has not been taught the basics of handling money effectively. In this seminar, participants learn a revolutionary system to move from debt to financial independence practiced by the wealthiest people in the country.

Investing in Mutual Funds and ETF’s
Today, investors can choose from thousands of mutual funds and exchange traded funds (ETFs). To navigate this maze of options investors need a solid understanding of the risks and rewards offered by these popular investment vehicles. Students leave with a better understanding on how to construct a diversified mutual fund and ETF portfolio.
